In their own words

Highlights from the school

See Web for school goals.

Students without library cards and students with cards took a field trip to the local library. They heard a presentation, applicable students received new library cards & all browse & became familiar with the library, an important community resource.

Power Lunch & RSVP (Retired/ Senior Volunteer Program) - Adults in the business community are paired with 5th graders. They meet weekly in our school library & read to each other. Also, retired community members visit regularly to read with students.

Technology Night-Parents/guardians were invited to an evening presentation given by a representative from Microsoft. During the same evening, students gave demonstrations of their computer skills at stations located in our library and hallways.
