In their own words

Highlights from the school

See Web for school goals.

Two Robertson Teachers, Sharon Wolfe and Brenda Engstrom, were chosen as Presidential Awardees for Excellence in Teaching Elementary Mathematics and Science.

At the beginning of this school year we received the New Standards test results. There was significant growth in student achievement on both the English Language Arts and Mathematics Reference Exams. The staff, students and parents have worked hard learning standards and benchmarks.

The staff rewrote the Warwick Math Standards into “kid friendly” language. Standards based instruction is evident in every classroom.

Teacher responses from the SALT Survey
